While studying psychology, Claire developed a strong urge to understand people, their motivations, and their priorities. She utilizes these skills when working in the sensitive field that is estate planning and estate administration. She strives to understand a person's desires and goals for their family in order to build a structure that will support them when needed.

Biography

I graduated from Purdue University in 2021 with a degree in Psychology. I have always been passionate about helping make other people's lives better. I worked for a year in an administrative role before becoming a paralegal. As a paralegal focusing on estate planning and administration, I am able to help families organize their lives for future generations. When I am not working, you can find me in my home in Nora with my fiancé and cat, reading and making homemade pasta.
