Nate Ginn is a Legal Technology Manager with over a decade of experience helping organizations align technology with real-world needs. Known for his practical and decisive approach, he specializes in transforming ideas and processes into effective technical solutions that support teams and streamline operations.

Practice Areas

Biography

As Legal Technology Manager, Nate works closely with firm leadership and staff to ensure technology supports the day-to-day needs of the practice. His practical, detail-oriented approach allows him to manage systems, support users, and improve processes while maintaining a strong focus on efficiency and service. Whether assisting attorneys or enhancing workflows, Nate's steady approach helps keep operations running smoothly.

In his personal time, Nate enjoys spending time with his family, exploring new topics to study, and picking up new skills.
